

### Benefits

- Easy to use and install
- Ideal for both under and in cabinet lighting
- LED Technology for long life
- Human centric lighting

### Key Features

- CCT – Enables seamless transition from cool to warm white
- High light output
- Fit Elongated design allows for vast spread of light across worktop
- Magnetic mounting plate
- No visible Screws
- Low profile Design

### Product overview

Being the perfect addition to your contemporary kitchen, the Astro Pro is the perfect combination of form and function.

Measuring only 4mm in depth, the milled Aluminium body ensures the product remains discreet, and the elongated light source will illuminate even the deepest of worktops.

CCT technology also comes as standard with this product which enables seamless transitions between cool and warm colour temperatures. This enables the light source to mimic outside light conditions which is scientifically proven to have a positive impact on health.

Finally, the Astro Pro features a wide beam angle, increasing its use-case beyond under cabinet and is compatible with Sensio's range of receivers and sensors.

### Mechanical Specification

Product Name	Dimensions (mm)	Weight (grams)	IP Rating
All Variants	L 190 x W 70 x H 4	124	IP20

### Technical Specification

Power	4.8W
Voltage	24V
Light Output	270lm
Lumen per Watt	56.25Lm/W
Color Temperature	3000~5000K
Beam Angle	120°
Cable Length	1.5m
Operating Temperature	5°C to 45°C
Material	Aluminum
