

### Benefits

- Easy to use and install
- Human centric lighting
- Ideal for under cabinet lighting
- LED technology for long service life
- Energy saving (good lumens per watt ratio)

### Key Features

- A contemporary, slimline, under cabinet spotlight
- Bezels attach via magnets
- Innovative etched prismatic design completely diffuses light
- Superb lumen output for a flood of light
- CCT – Enables seamless transition from cool to warm white

### Product overview

Featuring a vast light source to maximise the distribution of light, the Horizon Pro is an elegant source of task lighting that will enrich any kitchen design.

CCT technology enables the light source to seamlessly transition between cool and warm colour temperatures, which is a feature proven to have a positive effect on health as the lighting can mimic outside lighting conditions.

The product also features a high-quality stainless-steel bezel to unify with other kitchen utensils and appliances to provide a synergistic aesthetic.

### Technical Specification

Power	3.6W
Voltage	24V
Light Output	319lm
Color Temperature	2700~6000K
Lumen per Watt	88.61lm/w
Operating Temperature	5°C to 45°C
Cable Length	1.5m
Material	Bezel: Stainless Steel
	Body: Plastic

### Mechanical Specification

Product	Dimension (mm) L x W x D	Weight (grams)	IP Rating
All Variants	100 x 115 x 7.5	100	20
